## FACE GRAVE PROBLEMS

Issues Today as Great as Those of Civil War—Two Programs by Operatic Company.

### This Evening's Program.

8:00—Concert, Roney's Boys Concert company. Entire program, using several changes of costume.

### Wednesday's Program.

Morning:  
10:00—Lecture and demonstration, Mrs. Jones.

Afternoon:  
2:00—Prelude concert, Heron Sisters Concert company.

2:45—Address, "The Power of Public Plunder," Governor James K. Vardaman.

4:30—Concert, Missouri Ladies' Military band.

Evening:  
7:45—Prelude concert, Heron Sisters Concert company.

8:30—Sid Landon, character artist, entertainer.

Chautauqua attendance is gaining. The audiences which heard Dr. Charles S. Medbury and the Chicago Operatic company Monday afternoon and evening were the two largest of the session so far. Manager Landon said this morning that Monday's attendance was twice as large as on the same day last year, and nearly 50 per cent better than Sunday's crowd.

The lecture of the afternoon, given by Dr. Charles S. Medbury, pastor of the University Church of Christ and chaplain of Drake university, was the best lecture that has been given this year, and was listened to by a large and attentive audience. Dr. Medbury's subject was "The Final Test of Our Democracy," and he very forcefully brought out the social problems which confront this nation today.

Dr. Medbury began by saying that many people thought that democracy was first found among the Egyptians. The social system of the Egyptians, he said, however, was a system of master and slave, under which conditions democracy was impossible. He then traced different political systems down through the ages, and showed that real democracy was not born until the founding of the United States of America.

That this country is a democracy he went on to show by naming some of the tests through which it has gone.

The greatest of these tests was the civil war. This awful struggle within the nation ended not in division and a lasting bitterness, but in a stronger union than ever and in brotherhood.

But the war test is not the only test which must be gone through with. This country is now facing as grave problems as it ever did at any moment of the civil war, the problems of graft and corruption, the liquor traffic, white slavery and others, and in dealing with these things Dr. Medbury proved himself a deep student of modern social conditions and alive to the questions of the day. These questions must be met and solved in an effective manner before our democracy is firmly established on the best basis.

In closing, the speaker brought out the fact that we were gaining in the right direction all the time. He said that politicians, notably Bryan and Roosevelt, realized that a nation must live the sermon on the mount to be at its best. He added that we must give room to the fundamental principles of Christianity. Until then we will be a

failure, but when we do we will attain success.

The long concert in the evening by the Chicago Operatic company attracted an audience as large if not larger than the afternoon crowd. The first part of the program was given to separate selections from the different operas. Arthur Middleton, the big bass, captured the audience with the excellent manner in which he sang the difficult "Figaro" song from the "Barber of Seville."

For the latter part of their program, the members of the company gave the balcony scene from "Romeo and Juliette." The stage was effectively lighted, and this, with the costumes and singing met with approval from the audience.

Tuesday morning's lecture by Mrs. Nellie Kedzie Jones, the domestic science lecturer, was on soups and soufle. Mrs. Jones made a cold fruit soup, tomato soup and a pea soup, a cheese soufle, ham soufle and corn soufle. These things were passed around among the hearers to sample.

The attendance at this morning's lecture was much larger than yesterday, and the women are taking great interest in what Mrs. Jones is telling them. All she says is profitable because she tells them of things they can do themselves without trouble, and all the things to be done are useful everyday matters.

The Tuesday afternoon's program opened with a prelude concert by the Roney's Boys Concert company, followed by an address on "Progressive Principles," by Congressman Frederick Landis. The Maryville band gave an open air concert beginning at 4:30 o'clock.

### Camp Gossip.

The rain descended and the floods came and the wind beat upon those tents, but they fell not, for they have been well staked down. Monday night's storm was a much harder one than that of Sunday night, but the camp stood it almost as well. Only one tent suffered badly from the rain which, literally falling in sheets and driven by a high wind, put the tents to a severe test. That tent was taken down this morning and another one set up to replace it.

The heavy wind which accompanied the storm broke a number of limbs from the trees, which, fortunately, did no hurt to any of the tents or campers. The flags on the big tent were whipped to ribbons by the wind.

The storm kept many of the people up for a time, but they are getting used to the wind, rain and lightning, and with a little more practice will sleep peacefully through the hardest gale.

The action of this little story happened a long way from camp, but as it is due to camp life it has a place in this column.

John Mutz was pushed out of bed at 7 o'clock Monday morning by a persistent little fly. John did not want to get up until he happened to awake to the fact that he was due at the Bee Hive shoe store in a few minutes. As he was in his tent at the Chautauqua grounds, he figured that he would have to travel some to keep from being late. By going without breakfast he managed to reach the store at 7:30.

Mr. Mutz began to work with fervor when he reached his place of business. Soon his fervor departed, and every time he touched any object strong enough to support him he began to doze. About the middle of the morning he leaned against the showcase in the front part of the store and went to sleep. This nap lasted ten minutes, but it did not satisfy him. Therefore he continued to doze from time to time, and at 3 p. m. leaned against another counter and slept for twenty minutes. It was only by the hardest kind of work that W. A. Miller could get him awake then.

Mr. Mutz does not make a habit of sleeping in the store this way. It was merely the result of strenuous camp life. To do him justice it must be said that he spent most of Sunday night at hard, honest work in the storm taking down tents.

Mr. Mutz did not know that it stormed again Monday night.

Miss Mary Guinn of Bedison is the guest of Miss Kathleen Wells at the Wells camp.

The girls of the Hum Drum club entertained informally Monday afternoon with a luncheon. Their guests were the ladies of the Chicago Opera company, which delighted Chautauqua goers so much Sunday and Monday.

GOOD ROADS BOND ISSUE EXPECTED TO CARRY.

## \$50,000 FROM THE STATE

If Proposition Carries, Making \$100,000 in All For Polk Township to Be Used For Good Roads.

The good roads bond issue of \$50,000 for Polk township will be voted on Thursday, and it is predicted that the issue will carry. There is some opposition to the proposition, but it is thought that there will not be enough to defeat the issue.

An active campaign has been made, and with the agitation going on for good roads the people are becoming awakened to the value of such roads. The vote outside of Maryville and among the farmers is expected to be

But the County Generally Has Had Little Moisture—Little Damage From Lightning.

Within the past five days Maryville and vicinity has had a little over an inch and a half of rain, the heaviest rain being that of Monday night, when the rainfall amounted to .93 of an inch, according to Weather Observer Brink. But the rain of Monday night was not general over the county. Rain fell as far north as the Union school house, a distance of four miles from Maryville. There was not much of a rain at Ravenwood. The rain did not extend over three miles west of Maryville.

## TO CLOSE THURSDAY.

Business Men to Be Requested to Close For Chautauqua and Bond Issue.

The business men of the city are being requested to close their places of business on Thursday afternoon from 2 to 4 o'clock on account of the good roads bond election to be held that day and also on account of the Chautauqua. The request is made by the directors of the Commercial club.

## PLEADED GUILTY TO CHARGE.

Abe Fishman of the Pearson Drug Store Arrested on Common Assault Charge.

Abe Fishman of the Pearson drug store was arrested Monday afternoon on a charge of common assault, the prosecuting witness being Ivan Gordon. Fishman pleaded guilty to the charge before Justice R. L. McDougal and was given a fine of \$1. The fine and costs amounted to \$9.15. Fishman is said to have struck Gordon.

Mrs. C. C. Meyer and daughter went to Clyde Monday to visit her parents, Mr. and Mrs. Tom McGarry.

## MISS THOMPSON RESIGNS

Mathematics Teacher in High School Creates Vacancy—A. A. Keene Resigned from Colored School.

Herman B. Polson of Kirksville has been employed by the school board as manual training teacher for the high school for the coming year. Mr. Polson is a graduate of the Kirksville Normal and has had three years of experience. He comes well recommended.

Miss Margaret Thompson, who has been the mathematics teacher in the high school and was elected for the coming year, has resigned her position as such. Miss Thompson's home is at Storm Lake, Ia. The school board will meet soon to fill this vacancy, being the only one in the entire faculty of the city schools.

E. O. Boone, colored, has been selected as teacher of the Douglass school to succeed Prof. A. A. Keene, who resigned. Mr. Boone comes from Columbia and is a graduate of the Lincoln Institute of Jefferson City, Mo., having received his last degree last June. Mr. Keene is now in Colorado on a ranch.

The schools of the city will open on Monday, September 8.

## GIVEN A FINE OF \$5.

Tom Ashbrook Pleaded Guilty to Shooting On Public Highway Before Justice Johnson.

Tom Ashbrook, who was arrested Monday afternoon, pleaded guilty before Justice W. L. Johnson to shooting on public highway and was fined \$5 and costs. Ashbrook fired several shots in the air on the state road while he was on his way home, near Ravenwood.

## DEATH OF LARS MICHAELSON.

Passed Away Sunday Evening in St. Joseph—Funeral Held Today Near Bedison.

Lars Michaelson, aged 81 years, died Sunday afternoon at 5:30 o'clock at the state hospital No. 2, at St. Joseph. The remains were brought to Maryville on Monday noon and burial took place in the Swinford cemetery, southwest of Bedison, this Tuesday afternoon at 2 o'clock. Mr. Michaelson has been in the hospital for seven years. He is survived by two sons and two daughters, who are Heber and Peter Michaelson of near Bedison, and Mrs. Andrew Jensen and Mrs. Mary Thompson of near Wilcox.

## TRUST COMPANY STARTS WORK.

Remodeling of Building Started Tuesday Morning For New Home of Gillam-Jackson Company.

Work commenced this morning on remodeling the building east of the First National bank, which will be occupied by the Gillam-Jackson Trust company. The Godsey & Harbison barber shop and the Edwards newsstand, which have been in the building, have moved to their new location on Main street, just south of the First National bank, the moving having taken place on Monday.

The building is to have an entire new front and the first floor is to be raised so as to be on a level with the floor of the First National bank. The ceiling will also be raised so as to be on the level with the ceiling of the bank. The partition will be taken out between the two buildings so easy access can be had between the trust company and the bank. The work on the building is to be finished within two months.

The Gillam-Jackson Trust company is now doing their business at the First National bank, a charter having been issued to them several weeks ago.

# To The Voters

## If the Good Roads Bond Issue Carries---

The money will be spent on all roads—main roads and side roads.

It will go on every road and in every corner of the township.

It will be done under contracts based on the engineer's estimates and under all the safeguards provided by law.

All the estimates and contracts under which this work is done will at all times, before and after the work is done, be on file and subject to the inspection of all persons.

The law provides that all these contracts not only have the approval of this Board, but the approval of the Engineer and then the approval of the County Court before a dollar can be paid out or a single warrant issued.

The Board will follow the very letter of the law and throw around the expenditure of this money every possible safeguard to the end that the people who pay this tax will absolutely get a dollar's worth of improvements for every dollar spent.

The Polk Township Board,

E. H. BAINUM,  
ERNEST WRAY,  
JOHN YATES.

#### Bad Roads Are the Nation's Most Foolish Extravagance.

(By Champ Clark, Speaker of the House of Representatives.)

The bad roads of America constitute the most stupendous wastefulness of the most wasteful people on the globe. They are the highest priced of all our many high priced extravagances, the most nonsensical, the most unjustifiable.

Out of most extravagances folks get some sort of satisfaction. In most cases of extravagance we illustrate Poor Richard's doctrine about "paying too much for the whistle." Nevertheless, while the money wasted in extravagances of dress, travel, etc., is wasted by the individual, it is not lost to the world, as it goes to artisans and laborers, but the waste of bad roads is lost forever.

I saw it stated once that the energy, material, animal life and time wasted in this country by reason of bad roads amount to the enormous sum of \$400,000,000 annually. This is astounding and may be exaggeration, but it is known that the waste is enormous.

This state of affairs is so easily bettered that it is idiotic, if not criminal, to let it continue. I am delighted that the people of Missouri are waking up on this subject. Good roads will make money for farmers, merchants and incidentally for everybody. It will make life on the farm enjoyable. It will put up the price of farm lands.

We ought to learn something from the Romans. Their empire is gone, their language is dead, but their roads still endure. They understood the value of good roads and they built them.

That Missouri, which leads in so many things, should add to her honor the leadership in the good roads movement is a consummation devoutly to be wished by every good and progressive citizen.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address P. J. CHENEY & CO., Toledo, O. for the proposition, while in the city a large vote will be cast in favor of the bonds.

It is necessary to have a two-thirds majority. At the election held in the township on December 21 the \$50,000 issue lacked only 25 of having the required majority. The vote at that election was 615 for and 344 against, and the only precinct in the township that cast an unfavorable vote against the proposition was precinct A, or known as the Fourth ward in Maryville. At the election to be held Thursday it is predicted that the largest vote in favor of the issue will come from that precinct, as at the election before any number of the voters who were for the proposition failed to vote, and these people are going to be out Thursday for the bonds.

The bonds are to be in denomination of \$100 or some multiple thereof, to bear interest at not exceeding 6 per cent per annum, payable semi-annually and to become due in not exceeding fifteen annual installments, the first of which shall become due not later than two years after the date of said bonds. The county court will sell the bonds, and it does not need to sell the entire issue at once, but sell only what is needed from time to time. The interest would be for only those bonds that are sold.

If the proposition carries Polk township will receive \$50,000 from the state, making \$100,000 all told to be spent for good roads.

The polls will be opened at 7 o'clock in the morning and will close at 6 o'clock, unless the sun shall set after 6 o'clock, when the polls shall be kept open until after sunset.

The following places for Maryville and the township are as follows:

Precinct A—At the rear basement of the Empire theater.  
Precinct B—At Gray's feed barn.  
Precinct C—At Robey's garage.  
Precinct D—At the city office.

The judges and clerks of the election are:

Precinct A—R. D. Stewart, Edward Otis, John W. Herren and C. L. Evans, judges; Ben Neal, C. F. McCaffrey, Wm. Hopley and Charles Wadley, clerks.

Precinct B—Albert Watson, E. P. Powell, George W. Noll and R. A. Strawbridge, judges; Jacob B. Moore, John R. Evans, J. H. Gray and Lieber Holmes, clerks.

Precinct C—Henry Moore, M. G. Tate, Walter Mutz and B. C. Hall, judges; W. G. Sawyers, W. R. Hughes, Lewis Rodgers and C. C. Graves, clerks.

Precinct D—E. F. Wolfert, Arthur A. Wiley, M. F. Casteel and O. W. Swinford, judges; E. F. Hamlin, Henry Westfall, George Hartley and A. R. Robinson, clerks.

#### Dan Holmes Promoted.

Dan Holmes returned Sunday from Chicago, where he had been called by the Sprague-Warner wholesale house, which he represents. Mr. Holmes was asked to take the Northwest Missouri territory for that firm, instead of Frank Martin of St. Joseph, who goes to southern Texas. Mr. Holmes has had charge of the Kansas City territory for this firm for several months, and the one he takes now is a decided promotion with nearly double the salary he has been receiving. He and his family will live in St. Joseph.

#### Wing Funeral Services.

The funeral services for the late John Wing, who died at his home in San Antonio, Texas, Sunday, were held Tuesday afternoon at the undertaking rooms of the Maryville Furniture company. The body was accompanied to Maryville by a niece of the deceased, Mrs. G. L. Taft of San Antonio. Burial took place in Miriam cemetery. The pall bearers were Charles Hyslop, J. M. Evans, Edward Hamlin, M. Nussbaum, J. G. Thornhill and I. V. McMillan.

#### Death at Hopkins.

Thomas M. Schoonover of Hopkins died Monday morning at his home, after five years illness of cancer. He was in his seventy-eighth year. The funeral services were held Tuesday morning at 9 o'clock at the home, conducted by Rev. Taylor of the M. E. church. Burial took place in Shearer cemetery, in Page county, Iowa. The deceased is survived by his wife and three sons, Samuel, William and Thomas Schoonover, all of Hopkins.

ville, while south rain was had at Barnard, but it was not as heavy as here.

There was no rain at Wilcox, Burlington Junction, Clearmont, Elmo, and Quitman on the west side. On the north side no rain was had at Pickering or Hopkins. There was rain at the other towns in the county, but mostly just a shower.

No rain was had at Barnard and there was none at Guilford on Monday night. Graham had just enough to lay the dust, while between Graham and Parker, which is seven miles south, nearly an inch of rain fell. Bedison had just a shower and Conception Junction just enough to lay the dust. Clyde had no rain, while a strip between a mile north of Clyde to three miles north of that town had an inch. Clyde had .72 of an inch of rain on Sunday night.

The rain of Monday night commenced to fall about 1 o'clock and was accompanied with lightning. But no damage has been reported as done by the lightning except to the telephone wires.

Since August 1 Maryville has had three rains. One on August 8, when .15 of an inch fell, another one on Sunday night, August 10, when we had a half inch of rain, and the one on Monday night.

The forecast is for cloudy weather and continued warm.

The temperature on Monday went up to 90.

#### A TERRIBLE TRAGEDY.

An Account of the Accidental Shooting of Eugene M. Greeson at Hydro, Okla.

Word was received in Maryville last week of the accidental shooting of Eugene M. Greeson at Hydro, Okla., the shot having been fired by his father, Jacob Greeson. Howard Greeson of Maryville attended the funeral services at Hydro last Thursday. The following is an account of the accident, which is taken from the Hydro Review of August 7:

The community was shocked with the news of the terrible tragedy that occurred about 10:30 Tuesday night, August 5, at the home of Jacob Greeson, living about four miles south of town, when Mr. Greeson accidentally shot his 12-year-old son, Eugene.

Soon after the family had retired, Mrs. Greeson was awakened by some one trying the front screen, then the side door and window. She became alarmed and woke Mr. Greeson. They both got up, and taking a gun from a grip Mr. Greeson had while on duty as an officer, they waited inside of south door, thinking whoever it was had gone to the barn and then perhaps to the pasture in search of horses, and believing he was no other than a horse thief or burglar, as he came in sight at the south of the door Mr. Greeson fired, shooting him through the heart and killing him instantly. As he fell they both realized that he was their own son, Eugene. Mr. Greeson took him in his arms and carried him into the house, the other members of the family, neighbors, and a doctor were called, but nothing could be done.

He had on a hat, an old coat and shoes, that disguised him so that his parents failed to recognize him, when they thought he was safe in bed. He probably had been asleep in the yard and was perhaps not fully awake or he would have called to be let into the house.

Eugene M. Greeson was born January 14, 1901, at Maryville, Mo., and was 12 years 7 months and 24 days of age. Came with his parents to this country when 1 year old. They settled on a farm north of Hydro, where they lived until a few years ago, when they moved to a farm south of town. He leaves a twin sister and seven other sisters and brothers, and a father and mother to mourn his loss.

Funeral services were held in the Methodist church at 10 o'clock. The sermon was preached by Rev. Branson from I. Samuel 20:8. A large crowd was at the church and followed the remains to the Hydro cemetery.

The business houses were closed and everything possible done to express the respect and sympathy of the community for the sorrowing family.

#### O. P. Bogart Sells Farm.

O. P. Bogart, a retired farmer of Clyde, has sold his 220-acre farm, three miles west of that place, to Matt Bauer. The consideration was \$90 per acre, or \$19,800. Mr. Bogart had owned his farm for thirty years, having bought the land at that time for \$13 per acre. He has steadily improved it in every way he could, beginning first with earnings from school teaching. He lived in Clyde for ten or twelve years, where he has several town lots and a nice home, and is well satisfied with the way his business affairs have turned out. He is a progressive man, too, quite a traveler, and has furthered his independence by the purchase of an automobile.

W. R. Linville of Skidmore was in the city Tuesday.

## The Bond Issue

The Polk Township Board, in a signed statement published in the Monday papers, make a number of promises in the event the bonds carry, and would leave the impression that the law requires an equal distribution of the money derived from the bonds on all the roads—including side roads. Now this is not the law, and some members of the Board would have to change their present attitude before it would be carried out in fact, as a number of citizens of Polk township can verify. Conditions will not be changed in the event this proposition carries. The same men who now direct the expenditure of the township money will direct the expenditure of the \$50,000 asked for. The ordinary citizen can get nothing unless it suits the whim of some members of this board. You may need repair work done in your locality, but you cannot demand it now and get it, neither can you get it when you give these same men \$50,000 more, for they operate under the same law, and your rights are neither greater or less. You may be told then as now, if you want it fixed, go fix it.

### The Bond Issue Should Be Defeated:

Because Jack Holt don't live in Polk township.

Because the present township board has made promises they can not hope to carry out, and they may be retired from office before they had an opportunity to do so.

Because it will not require  $\frac{1}{2}$  the amount asked for to fix all township culverts.

Because it is not needed, if the money set aside for township purposes is judiciously expended.

Because taxes are high enough right now.

Because it will add several hundred dollars to the salary of the township trustee, as he will get a per cent of amount disbursed. The people should consider all these things before voting.

Mr. and Mrs. Fred Kurtz, Frederick and John Kurtz have a tent that is a resting place for themselves and their friends during the day, and there are always many friends lingering there.

Dr. and Mrs. Leslie Dean have a camp for their family during the day, and it is the doctor's resting place after office hours.

The visitors at the I X L Embroidery club tent Monday were Mrs. Harry Anderson of Graham, Mrs. Will Wells of Rockford and Mrs. David Hull of Afton, Okla.

The Young Ladies' Bridge club has a tent this year for a day resting place, instead of a camping place, as last year, where the entire week was spent. One of the members, Miss Rena Sturm, will have a guest the last of the week, Miss Babe Howden of Skidmore, who was the club's guest at the Chautauqua last year.

Mr. and Mrs. Walter Mutz and their family have a tent where they spend their day-times. Their guests Monday evening were Misses Hettie and May Anthony and Miss Mae Hotchkiss.

The Wright Inn is where Misses Gertrude and Lola Wright, Helen Helply, Maurine DeHart of Cameron and Nancy Lee Maxwell of Maitland are hostesses. When the storm came up Sunday night Miss Maurine's brother, Mr. Louis DeHart, came over from Jewelers' Inn and stayed with them until the storm was over and helped to prepare a midnight lunch, which kept them from noticing so much the raging elements.

Pearson Camp is where our new druggist and his wife, Mr. and Mrs. W. C. Pearson, and their daughter, Helen, are at home during Chautauqua. Their guests on Monday were E. A. Roselius of Corning, Mo., and Clements Peters of Fairfax.

Harold Booth, Walter Fraser, Halley Ford, Ernest Coler and Ray Foland have a tent that is likely to be named "Class of 1913," because all but one are members of the graduating class of the high school of 1913.

Kidd Inn is the name of the camp of Mr. and Mrs. Chester Bennett and Mr. and Mrs. Orville Bennett. They have given the camp this name because they consider their wee folks the principal members of the family, and you will say so, too, when you see Virginia Katherine, daughter of Mr. and Mrs. Chester Bennett, and Shirley Louise and Orville, Jr., children of Mr. and Mrs. Orville Bennett. Mrs. Harry Shipp, the mother of Mrs. Chester Bennett, is the chaperon, and the other children of the camp are the little Misses Marie Shipp and Hazel Vandervoort.

Harmony camp is a very appropriate name for the camp of Rev. C. R. Green of Harmony church, and Mrs. Green and their daughter, Miss Charlotte. With them are Rev. Green's sister, Miss Ida Green, and Mrs. Green's brother, Leaman Graves of Kansas City and Margery Anderson of Conway, Ia. Mrs. Green's mother, Mrs. J. S. Graves of Kansas City, will arrive later in the week.

Miss Edna Wilson of Camp Blair is spending a few days at the Chautauqua at Oregon. She will return home the last of the week with guests for the Maryville Chautauqua.

The Swigert-Hornbuckle camp is made up of some of our country friends east of Maryville. They are Mr. and Mrs. F. M. Swigert and four children, Grandma Swigert, Mrs. C. B. Hornbuckle and two children.

Rev. and Mrs. Alva Brown and Vincent Brown of Maitland are at home as usual at the Maryville Chautauqua. They are regular attendants and would be missed by all Chautauqua goers if they were not there. They have many visitors during the visiting hours.

F. C. B. club camp is composed of young ladies from Skidmore. The name of their club is a secret, and it is said that no one will ever be able to guess its name. The members are Misses Nelle, Isabel and Mary Jones, Gertrude Knepper and Grace Karr. They will be joined later in the week

Mrs. G. A. Coates and Mrs. E. H. Botkin of Osborn, Kan., returned home Tuesday from a visit with Mrs. J. W. Shroyer.

#### GUILFORD.

Guilfordites are strongly in favor of changing the county line up to Guilford. The county line is only about six miles south of Guilford. The reason for this agitation for changing the county line is that there has been rain all along that strip of country this season whenever it has been needed, and consequently the crops are in fine condition. It may be well, however, for the Guilford folks to remember that the prayers of the righteous availeth much, and govern themselves accordingly. Oh, well, Guilford had an inch of rain Sunday night, and so she guesses she isn't so bad after all.

Frank Fogle of Diagonal, Ia., a former merchant of Guilford, was in town Monday.

John Hollansbe, the moving picture artist, has pitched his tent in Guilford.

Will Wray had a car load of hogs on the St. Joseph market Tuesday.

### Probate Court in session.

The regular session of probate court convened Monday morning. This is the August term.

by Miss Vesper Nicholas of Burlington Junction. Their guests on Sunday were Mrs. Edward Bilby and Ray Bilby of near Skidmore and Miss Lulu Jones of Fairfax.

Always Inn is the name of the camp of Mr. and Mrs. R. E. Thomas, Misses Mary and Vernie Thomas, Mr. and Mrs. George Lucas, Miss Alma Lucas and Miss Mina Armstrong. They will have guests at supper Tuesday evening, who will include Misses Edna and Amanda Woods and Fayette Woods of Seward, Neb.; Miss Margaret McDougal, Ray Foland, Charles Gallagher and John McDougal.

At the Montgomery-Wright camp Monday Mrs. M. Bartman of Parnell, the mother of Mrs. U. S. Wright, and Miss Helen Dunn of Bolckow were the guests.

Mrs. Edward T. Rasmussen of River-ton, Neb., who arrived Sunday night on a visit to her parents, Mr. and Mrs. H. T. Crane, was the guest of Mr. and Mrs. Emmett Scott Monday evening at Camp Scott. Mrs. Rasmussen came Tuesday.

The Walk Inn camp is the day-time home of Mr. and Mrs. James B. Robinson and family, and a good resting and visiting place for their friends. The guests here are Misses Lela and Margaret Chilton of St. Joseph.

Mr. and Mrs. Guy Mutz and Mr. and Mrs. Edward M. Walker and their families spend the afternoons at the Chautauqua and have a tent for resting and eating supper.

A woman in camp at Chautauqua has found out in some way that Mrs. Nellie Kedzie Jones, the domestic science lecturer, is a farmer's wife, and that, last, but not least, "she cooks for threshers." "I just knew that woman did something beside stand up and theorize. I'd like to follow her around in her home about a week, for she must be a wonderful manager. I understand everything she talks about and she has been the most help to me." Yes, Nellie Kedzie Jones is a farmer's wife, and she has learned the things she is talking about by actual experience. She taught domestic science for fifteen years in the Kansas State Agricultural college before she was married, and has applied her knowledge to the full testing point.

### News of Society and Womens' Clubs

#### Here For Chautauqua.

Miss Lucy Saunders of Pickering came Monday morning to spend Chautauqua week with Misses Laura and Ada Howkins.

#### Saturday Evening Luncheon.

Mr. and Mrs. Alex Fraser had for their guests at luncheon Saturday evening Mr. and Mrs. J. D. Ford and evening Mr. and Mrs. J. D. Ford, Mr. Halley Ford and Mr. Ernest Coler.

#### Federation Postponed.

Wednesday of this week is the day for the regular meeting of the City Federation of clubs, but because of the vacation time and other attractions it will be postponed until September 10. However, growing weeds take no vacation. Let the cutting of them by city and individuals be kept going.

#### Friday Evening Dinner.

Mr. and Mrs. J. S. Shinabargar entertained at dinner Friday evening complimentary to Mrs. Shinabargar's cousin, Miss Nelle Pigg of Kansas City, the guest of Mr. and Mrs. G. B. Holmes. Plates were laid for Miss Pigg, Mrs. Dan Holmes and Mary Electa Holmes of Kansas City, Miss Lucile Holmes and Miss Mildred Shinabargar.

#### For Health, a Walk.

In the warm weather, when exercise in the heat of the day seems a burden, try walking early in the morning and again late in the evening.

Be energetic and get up before breakfast in earnest. Don't try to walk before you have eaten, but eat something light and satisfying and start forth on a morning constitutional. You can get home again before the heat of the day has really set in.

If you find the morning walk impossible, try the evening walk. Start out after the sun has gone down, either before a late dinner or after an early one, and walk in the dusk until you are tired.

The woman who must work in office or shop would find systematic early morning and late evening exercise beneficial and invigorating.

#### On Vacation Visit.

William VanCleve left Sunday for a vacation visit with relatives at Moberly and LaGrange, Mo. He is now at the home of his grandparents Mr. and Mrs. J. S. VanCleve, at Moberly, and will later join his brother at LaGrange, at the home of his grandfather, J. N. Hagood. He will take the same trip his brother did from St. Louis to LaGrange on the Mississippi.

#### Visitors From Kansas City.

Mrs. E. H. Heisler and Mrs. H. C. Sutton of Kansas City are guests at the home of Mr. and Mrs. Vandersloot.

#### Mrs. Stamper Operated On.

Mrs. Lafa Stamper was operated on Tuesday morning at St. Francis hospital.

A marriage license was issued late Monday afternoon to Myron B. Newton and Jessie Mildred Dawson, both of Skidmore.

Madison Goodson, Charles Mow and Elton Smith of Ravenwood were in the city transacting business Tuesday.

#### LAMENTS RELIGIOUS DECAY

Archbishop Ireland Blames “Enforced Secularism of State Schools.”

Milwaukee, Aug. 12.—Archbishop Ireland, addressing the Catholic societies convention, declared that “the evil today in America is the decay of religion, and, in necessary sequence, the decay of morals. In both instances, the cause of the decay is the enforced secularism of the state schools. Others than Catholics, heedful observers and intelligent thinkers, admit the evil, admit the cause and give the alarm. I trust the awakening common sense and patriotism of the American people to discover the remedy. Meanwhile in telling the evil and the cause, my right hand on my conscience, I rank myself among the truest and most loyal of Americans.”

Speaking of secular schools, Archbishop Ireland said: “Not against state schools as such do I raise objections, but as to the methods in which they work—methods that, whatever the theory be, do in fact, consecrate secularism as the religion of America.”

#### Say Governor Cannot Fill Vacancy.

Washington, Aug. 12.—A telegram was sent to Democratic leaders in Alabama by Senator Overman, acting chairman of the senate judiciary committee, advising them that Governor O'Neal had no power now to appoint a successor to the late Senator Joseph F. Johnston. The message added that a majority of the lawyers senators held the governor could call a special election at once.

#### Seventeen Suffragists Sentenced.

London, Aug. 12.—Seventeen militant suffragists were sentenced to terms of imprisonment ranging from a week to two months, as a sequel to the attempt to storm Premier Asquith's official residence in Downing street.

## RELIEF IS FELT IN WASHINGTON

Statement of Gamboa Produces  
Very Favorable Impression.

### U. S. PRESIDENT CRITICISED.

London Paper Calls His Demand Curious Experiment—British Government Repudiates Insinuations Financial Interests Influenced Action.

Washington, Aug. 12.—Distinct relief was apparent in official circles here over the course of events in Mexico. The statement of Fred Gamboa, the new Mexican minister of foreign relations, that he had “great faith in the reasonableness of the judgment of the United States” holding the conviction that the difficulties between the two countries “soon would be adjusted” produced a very favorable impression in administration circles.

President Wilson pointed out during the day to callers what seemed to him conspicuous efforts on the part of some persons unknown to him, through published misrepresentations, to involve the United States in intervention. He reiterated that the attitude of this government toward Mexico in the present situation was one of peace and friendliness solely.

The safe arrival in Mexico City of John Lind, personal representative and officially designated adviser to the American embassy, ended some tense moments in the situation. Administration officials looked forward hopefully to a favorable reception of their efforts to suggest measures of peace in ending the struggle between the contending factions in Mexico.

With the air cleared of rumors of hostility in the Mexican capital to Mr. Lind's presence there, officials were disposed to believe the intention of the American government would be carried out quietly and in such manner as seemed most expedient to Mr. Lind and the embassy at Mexico City.

#### British Government Issues Statement.

London, Aug. 12.—The British government, nettled by the comment of certain American newspapers concerning Great Britain's recognition of President Huerta, declares that the comment is based on a misconception of facts. It also repudiates the insinuation and inference that powerful financial institutions had anything to do with bringing about the recognition. In a statement issued the government says:

“The recognition of President Huerta was the recognition of a provisional president, pending an election. It was done on the advice of the British minister to Mexico as being likely to assist in the restoration of order.”

The Daily Chronicle says it considers President Wilson's demand that President Huerta renounce the presidency of Mexico a curious experiment in foreign diplomacy and one scarcely likely to be carried through easily. “A proud race like the Mexicans and the president with a fairly strong backing,” the editorial says, “are very unlikely to surrender and we doubt if the United States would really care to face the stupendous task of reducing Mexico by force of arms. Mr. Wilson's demand for a general election almost borders on the ludicrous, because there is no such thing in Mexico as an election by ballot, as the ballot is understood in great democratic countries.”

#### PLAN “GOOD ROADS PARTIES”

St. Louis Millionaires to Put Guests to  
Toil on County Highways.

St. Louis, Aug. 12.—House parties, at which the guests will be supplied with overalls and shovels and directed to “get out and dig,” are being planned for good roads days, Aug. 20 and 21, by wealthy St. Louisans who have country homes in St. Louis county.

The first to send out invitations for such an affair is Edwin Lamp, the young millionaire brewer. His party will work on the roads under the direction of Highway Engineer Elbringer of St. Louis county.

Harry H. Hawes, H. L. Griesedieck and many others are planning “good roads parties,” and it is expected the friendly rivalry will bring forth an excellent display of road-making.

#### Supt. Gertlinger Killed in Honolulu.

Honolulu, Aug. 12.—C. R. Gertlinger, constructing superintendent of the J. G. White Engineering company of New York and here working on the Marconi Wireless Telegraph company's stations, was shot at a beach resort by J. W. Marshall, superintendent of the Waiholo Water company, and died later at a hospital.

#### Killed Friend and Burned Body.

Braymer, Mo., Aug. 12.—William J. Collins, twenty-two years old, according to county officials, confessed that he killed his friend, John P. Benson, formerly an attorney of Braymer, and burned the body in the Benson shanty on a claim near Clemons, Alta., last May, after taking \$1,800 from the clothing.

#### Venezuela Praying for Peace.

Caracas, Aug. 12.—General Torres Castro, a relative of former President Castro, was captured by the government troops. Fighting continues in the state of Tachira. The archbishop of Caracas instructed the clergy to pray for peace.

## HIS TROUBLE NOT OF HEART

Real Facts In Regard To F. R. Huffman's Illness. Relief Obtained By Curing His Stomach Ailments.

Waynesville, N. C.—Mr. F. R. Huffman, of this city, says: “I suffered dreadfully with what I thought was heart trouble, and tried various medicines in vain.

After other remedies had failed, Thedford's Black-Draught restored me to health. I would not feel safe without Black-Draught in the house. I consider it worth its weight in gold.

It cured my indigestion, and by this means I was restored to health. I can not express my gratitude for its benefits.”

Good health depends on the condition of your digestion. Poor digestion and good health do not go together.

Thedford's Black-Draught will thoroughly cleanse and set in order your digestive system.

It has done this for others, during the past 70 years, and is today the most popular vegetable liver remedy on the market. Try it.

Insist on Thedford's. Price 25c.

Chautauqua attendance is gaining. The audiences which heard Dr. Charles S. Medbury and the Chicago Operatic company Monday afternoon and evening were the two largest of the session so far. Manager Landon said this morning that Monday's attendance was twice as large as on the same day last year, and nearly 50 per cent better than Sunday's crowd.

The lecture of the afternoon, given by Dr. Charles S. Medbury, pastor of the University Church of Christ and chaplain of Drake university, was the best lecture that has been given this year, and was listened to by a large and attentive audience. Dr. Medbury's subject was "The Final Test of Our Democracy," and he very forcefully brought out the social problems which confront this nation today.

Dr. Medbury began by saying that many people thought that democracy was first found among the Egyptians. The social system of the Egyptians, he said, however, was a system of master and slave, under which conditions democracy was impossible. He then traced different political systems down through the ages, and showed that real democracy was not born until the founding of the United States of America.

That this country is a democracy he went on to show by naming some of the tests through which it has gone.

The greatest of these tests was the civil war. This awful struggle within the nation ended not in division and a lasting bitterness, but in a stronger union than ever and in brotherhood.

But the war test is not the only test which must be gone through with. This country is now facing as grave problems as it ever did at any moment of the civil war, the problems of graft and corruption, the liquor traffic, white slavery and others, and in dealing with these things Dr. Medbury proved himself a deep student of modern social conditions and alive to the questions of the day. These questions must be met and solved in an effective manner before our democracy is firmly established on the best basis.

In closing, the speaker brought out the fact that we were gaining in the right direction all the time. He said that politicians, notably Bryan and Roosevelt, realized that a nation must give the sermon on the mount to be at its best. He added that we must give room to the fundamental principles of Christianity. Until then we will be a

failure, but when we do we will attain success.

The long concert in the evening by the Chicago Operatic company attracted an audience as large if not larger than the afternoon crowd. The first part of the program was given to separate selections from the different operas. Arthur Middleton, the big bass, captured the audience with the excellent manner in which he sang the difficult "Figaro" song from the "Barber of Seville."

For the latter part of their program, the members of the company gave the balcony scene from "Romeo and Juliette." The stage was effectively lighted, and this, with the costumes and singing met with approval from the audience.

Tuesday morning's lecture by Mrs. Nellie Kedzie Jones, the domestic science lecturer, was on soups and soufle. Mrs. Jones made a cold fruit soup, tomato soup and a pea soup, a cheese soufle, ham soufle and corn soufle. These things were passed around among the hearers to sample.

The attendance at this morning's lecture was much larger than yesterday, and the women are taking great interest in what Mrs. Jones is telling them. All she says is profitable because she tells them of things they can do themselves without trouble, and all the things to be done are useful everyday matters.

The Tuesday afternoon's program opened with a prelude concert by the Roney's Boys Concert company, followed by an address on "Progressive Principles," by Congressman Frederick Landis. The Maryville band gave an open air concert beginning at 4:30 o'clock.

### Camp Gossip.

The rain descended and the floods came and the wind beat upon those tents, but they fell not, for they have been well staked down. Monday night's storm was a much harder one than that of Sunday night, but the camp stood it almost as well. Only one tent suffered badly from the rain which, literally falling in sheets and driven by a high wind, put the tents to a severe test. That tent was taken down this morning and another one set up to replace it.

The heavy wind which accompanied the storm broke a number of limbs from the trees, which, fortunately, did no hurt to any of the tents or campers. The flags on the big tent were whipped to ribbons by the wind.

The storm kept many of the people up for a time, but they are getting used to the wind, rain and lightning, and with a little more practice will sleep peacefully through the hardest gale.

The action of this little story happened a long way from camp, but as it is due to camp life it has a place in this column.

John Mutz was pushed out of bed at 7 o'clock Monday morning by a persistent little fly. John did not want to get up until he happened to awake to the fact that he was due at the Bee Hive shoe store in a few minutes. As he was in his tent at the Chautauqua grounds, he figured that he would have to travel some to keep from being late. By going without breakfast he managed to reach the store at 7:30.

Mr. Mutz began to work with fervor when he reached his place of business. Soon his fervor departed, and every time he touched any object strong enough to support him he began to doze. About the middle of the morning he leaned against the showcase in the front part of the store and went to sleep. This nap lasted ten minutes, but it did not satisfy him. Therefore he continued to doze from time to time, and at 3 p. m. leaned against another counter and slept for twenty minutes. It was only by the hardest kind of work that W. A. Miller could get him awake then.

Mr. Mutz does not make a habit of sleeping in the store this way. It was merely the result of strenuous camp life. To do him justice it must be said that he spent most of Sunday night at hard, honest work in the storm taking down tents.

Mr. Mutz did not know that it stormed again Monday night.

Miss Mary Guinn of Bedison is the guest of Miss Kathleen Wells at the Wells camp.

The girls of the Hum Drum club entertained informally Monday afternoon with a luncheon. Their guests were the ladies of the Chicago Opera company, which delighted Chautauqua goers so much Sunday and Monday.

GOOD ROADS BOND ISSUE EXPECTED TO CARRY.

## \$50,000 FROM THE STATE

If Proposition Carries, Making \$100,000 in All For Polk Township to Be Used For Good Roads.

The good roads bond issue of \$50,000 for Polk township will be voted on Thursday, and it is predicted that the issue will carry. There is some opposition to the proposition, but it is thought that there will not be enough to defeat the issue.

An active campaign has been made, and with the agitation going on for good roads the people are becoming awakened to the value of such roads. The vote outside of Maryville and among the farmers is expected to be

Within the past five days Maryville and vicinity has had a little over an inch and a half of rain, the heaviest rain being that of Monday night, when the rainfall amounted to .93 of an inch, according to Weather Observer Brink. But the rain of Monday night was not general over the county. Rain fell as far north as the Union school house, a distance of four miles from Maryville. There was not much of a rain at Ravenwood. The rain did not extend over three miles west of Maryville.

Mathematics Teacher in High School Creates Vacancy—A. A. Keene Resigned from Colored School.

Herman B. Polson of Kirksville has been employed by the school board as manual training teacher for the high school for the coming year. Mr. Polson is a graduate of the Kirksville Normal and has had three years of experience. He comes well recommended.

Miss Margaret Thompson, who has been the mathematics teacher in the high school and was elected for the coming year, has resigned her position as such. Miss Thompson's home is at Storm Lake, Ia. The school board will meet soon to fill this vacancy, being the only one in the entire faculty of the city schools.

E. O. Boone, colored, has been selected as teacher of the Douglass school to succeed Prof. A. A. Keene, who resigned. Mr. Boone comes from Columbia and is a graduate of the Lincoln Institute of Jefferson City, Mo., having received his last degree last June. Mr. Keene is now in Colorado on a ranch.

Lars Michaelson, aged 81 years, died Sunday afternoon at 5:30 o'clock at the state hospital No. 2, at St. Joseph. The remains were brought to Maryville on Monday noon and burial took place in the Swinford cemetery, southeast of Bedison, this Tuesday afternoon at 2 o'clock. Mr. Michaelson has been in the hospital for seven years. He is survived by two sons and two daughters, who are Heber and Peter Michaelson of near Bedison, and Mrs. Andrew Jensen and Mrs. Mary Thompson of near Wilcox.

## TRUST COMPANY STARTS WORK.

Remodeling of Building Started Tuesday Morning For New Home of Gillam-Jackson Company.

Work commenced this morning on remodeling the building east of the First National bank, which will be occupied by the Gillam-Jackson Trust company. The Godsey & Harbison barber shop and the Edwards newsstand, which have been in the building, have moved to their new location on Main street, just south of the First National bank, the moving having taken place on Monday.

The building is to have an entire new front and the first floor is to be raised so as to be on a level with the floor of the First National bank. The ceiling will also be raised so as to be on the level with the ceiling of the bank. The partition will be taken out between the two buildings so easy access can be had between the trust company and the bank. The work on the building is to be finished within two months.

The Gillam-Jackson Trust company is now doing their business at the First National bank, a charter having been issued to them several weeks ago.

## If the Good Roads Bond Issue Carries---

The money will be spent on all roads—main roads and side roads.

It will go on every road and in every corner of the township.

It will be done under contracts based on the engineer's estimates and under all the safeguards provided by law.

All the estimates and contracts under which this work is done will at all times, before and after the work is done, be on file and subject to the inspection of all persons.

The law provides that all these contracts not only have the approval of this Board, but the approval of the Engineer and then the approval of the County Court before a dollar can be paid out or a single warrant issued.

The Board will follow the very letter of the law and throw around the expenditure of this money every possible safeguard to the end that the people who pay this tax will absolutely get a dollar's worth of improvements for every dollar spent.

### Bad Roads Are the Nation's Most Foolish Extravagance.

(By Champ Clark, Speaker of the House of Representatives.)

The bad roads of America constitute the most stupendous wastefulness of the most wasteful people on the globe. They are the highest priced of all our many high priced extravagances, the most nonsensical, the most unjustifiable.

Out of most extravagances folks get some sort of satisfaction. In most cases of extravagance we illustrate Poor Richard's doctrine about "paying too much for the whistle." Nevertheless, while the money wasted in extravagances of dress, travel, etc., is wasted by the individual, it is not lost to the world, as it goes to artisans and laborers, but the waste of bad roads is lost forever.

I saw it stated once that the energy, material, animal life and time wasted in this country by reason of bad roads amount to the enormous sum of \$400,000,000 annually. This is astounding and may be exaggeration, but it is known that the waste is enormous.

This state of affairs is so easily bettered that it is idiotic, if not criminal, to let it continue. I am delighted that the people of Missouri are waking up on this subject. Good roads will make money for farmers, merchants and incidentally for everybody. It will make life on the farm enjoyable. It will put up the price of farm lands.

We ought to learn something from the Romans. Their empire is gone, their language is dead, but their roads still endure. They understood the value of good roads and they built them.

That Missouri, which leads in so many things, should add to her honor the leadership in the good roads movement is a consummation devoutly to be wished by every good and progressive citizen.

for the proposition, while in the city a large vote will be cast in favor of the bonds.

It is necessary to have a two-thirds majority. At the election held in the township on December 21 the \$50,000 issue lacked only 25 of having the required majority. The vote at that election was 615 for and 344 against, and the only precinct in the township that cast an unfavorable vote against the proposition was precinct A, or known as the Fourth ward in Maryville. At the election to be held Thursday it is predicted that the largest vote in favor of the issue will come from that precinct, as at the election before any number of the voters who were for the proposition failed to vote, and these people are going to be out Thursday for the bonds.

The bonds are to be in denomination of \$100 or some multiple thereof, to bear interest at not exceeding 6 per cent per annum, payable semi-annually and to become due in not exceeding fifteen annual installments, the first of which shall become due not later than two years after the date of said bonds. The county court will sell the bonds, and it does not need to sell the entire issue at once, but sell only what is needed from time to time. The interest would be for only those bonds that are sold.

If the proposition carries Polk township will receive \$50,000 from the state, making \$100,000 all told to be spent for good roads.

The polls will be opened at 7 o'clock in the morning and will close at 6 o'clock, unless the sun shall set after 6 o'clock, when the polls shall be kept open until after sunset.

The following places for Maryville and the township are as follows:

Precinct A—At the rear basement of the Empire theater.

Precinct B—At Gray's feed barn.

Precinct C—At Robey's garage.

Precinct D—At the city office.

The judges and clerks of the election are:

Precinct A—R. D. Stewart, Edward Otis, John W. Herren and C. L. Evans, judges; Ben Neal, C. F. McCaffrey, Wm. Hopley and Charles Wadley, clerks.

Precinct B—Albert Watson, E. P. Powell, George W. Null and R. A. Strawbridge, judges; Jacob B. Moore, John R. Evans, J. H. Gray and Lieber Holmes, clerks.

Precinct C—Henry Moore, M. G. Tate, Walter Mutz and B. C. Hall, judges; W. G. Sawyers, W. R. Hughes, Lewis Rodgers and C. C. Graves, clerks.

Precinct D—E. F. Wolfert, Arthur A. Wiley, M. F. Casteel and O. W. Swinford, judges; E. F. Hamlin, Henry Westfall, George Hartley and A. R. Robinson, clerks.

#### Dan Holmes Promoted.

Dan Holmes returned Sunday from Chicago, where he had been called by the Sprague-Warner wholesale house, which he represents. Mr. Holmes was asked to take the Northwest Missouri territory for that firm, instead of Frank Martin of St. Joseph, who goes to southern Texas. Mr. Holmes has had charge of the Kansas City territory for this firm for several months, and the one he takes now is a decided promotion with nearly double the salary he has been receiving. He and his family will live in St. Joseph.

ville, while south rain was had at Barnard, but it was not as heavy as here.

There was no rain at Wilcox, Burlington Junction, Clearmont, Elmo, and Quitman on the west side. On the north side no rain was had at Pickering or Hopkins. There was rain at the other towns in the county, but mostly just a shower.

No rain was had at Barnard and there was none at Guilford on Monday night. Graham had just enough to lay the dust, while between Graham and Parker, which is seven miles south, nearly an inch of rain fell. Bedison had just a shower and Conception Junction just enough to lay the dust. Clyde had no rain, while a strip between a mile north of Clyde to three miles north of that town had an inch. Clyde had .72 of an inch of rain on Sunday night.

The rain of Monday night commenced to fall about 1 o'clock and was accompanied with lightning. But no damage has been reported as done by the lightning except to the telephone wires.

Since August 1 Maryville has had three rains. One on August 8, when 15 of an inch fell, another one on Sunday night, August 10, when we had a half inch of rain, and the one on Monday night.

The forecast is for cloudy weather and continued warm.

The temperature on Monday went up to 90.

#### A TERRIBLE TRAGEDY.

An Account of the Accidental Shooting of Eugene M. Greeson at Hydro, Okla.

Word was received in Maryville last week of the accidental shooting of Eugene M. Greeson at Hydro, Okla., the shot having been fired by his father, Jacob Greeson. Howard Greeson of Maryville attended the funeral services at Hydro last Thursday. The following is an account of the accident, which is taken from the Hydro Review of August 7:

The community was shocked with the news of the terrible tragedy that occurred about 10:30 Tuesday night, August 5, at the home of Jacob Greeson, living about four miles south of town, when Mr. Greeson accidentally shot his 12-year-old son, Eugene.

Soon after the family had retired Mrs. Greeson was awakened by some one trying the front screen, then the side door and window. She became alarmed and woke Mr. Greeson. They both got up, and taking a gun from a zip Mr. Greeson had while on duty as an officer, they waited inside of south door, thinking whoever it was had gone to the barn and then perhaps to the pasture in search of horses, and believing he was no other than a horse thief or burglar, as he came in sight at the south of the door Mr. Greeson fired, shooting him through the heart and killing him instantly. As he fell they both realized that he was their own son, Eugene. Mr. Greeson took him in his arms and carried him into the house, the other members of the family, neighbors, and a doctor were called, but nothing could be done.

He had on a hat, an old coat and shoes, that disguised him so that his parents failed to recognize him, when they thought he was safe in bed. He probably had been asleep in the yard and was perhaps not fully awake or he would have called to be let into the house.

Eugene M. Greeson was born January 14, 1901, at Maryville, Mo., and was 12 years 7 months and 24 days of age. Came with his parents to this country when 1 year old. They settled on a farm north of Hydro, where they lived until a few years ago, when they moved to a farm south of town. He leaves a twin sister and seven other sisters and brothers, and a father and mother to mourn his loss.

Funeral services were held in the Methodist church at 10 o'clock. The sermon was preached by Rev. Branson from I. Samuel 20:8. A large crowd was at the church and followed the remains to the Hydro cemetery.

The business houses were closed and everything possible done to express the respect and sympathy of the community for the sorrowing family.

#### O. P. Bogart Sells Farm.

O. P. Bogart, a retired farmer of Clyde, has sold his 220-acre farm, three miles west of that place, to Matt Bauer. The consideration was \$90 per acre, or \$19,800. Mr. Bogart had owned his farm for thirty years, having bought the land at that time for \$13 per acre. He has steadily improved it in every way he could, beginning first with earnings from school teaching. He lived in Clyde for ten or twelve years, where he has several town lots and a nice home, and is well satisfied with the way his business affairs have turned out. He is a progressive man, too, quite a traveler, and has furthered his independence by the purchase of an automobile.

W. R. Linville of Skidmore was in the city Tuesday.

## The Bond Issue

The Polk Township Board, in a signed statement published in the Monday papers, make a number of promises in the event the bonds carry, and would leave the impression that the law requires an equal distribution of the money derived from the bonds on all the roads—including side roads. Now this is not the law, and some members of the Board would have to change their present attitude before it would be carried out in fact, as a number of citizens of Polk township can verify. Conditions will not be changed in the event this proposition carries. The same men who now direct the expenditure of the township money will direct the expenditure of the \$50,000 asked for. The ordinary citizen can get nothing unless it suits the whim of some members of this board. You may need repair work done in your locality, but you cannot demand it now and get it, neither can you get it when you give these same men \$50,000 more, for they operate under the same law, and your rights are neither greater or less. You may be told then as now, if you want it fixed, go fix it.

### The Bond Issue Should Be Defeated:

Because Jack Holt don't live in Polk township.

Because the present township board has made promises they can not hope to carry out, and they may be retired from office before they had an opportunity to do so.

Because it will not require  $\frac{1}{2}$  the amount asked for to fix all township culverts.

Because it is not needed, if the money set aside for township purposes is judiciously expended.

Because taxes are high enough right now.

Because it will add several hundred dollars to the salary of the township trustee, as he will get a per cent of amount disbursed. The people should consider all these things before voting.

### TAXPAYER.

The Young Ladies' Bridge club has a tent this year for a day resting place, instead of a camping place, as last year, where the entire week was spent. One of the members, Miss Rena Sturm, will have a guest the last of the week, Miss Babe Howden of Skidmore, who was the club's guest at the Chautauqua last year.

Mr. and Mrs. Walter Mutz and their family have a tent where they spend their day-times. Their guests Monday evening were Misses Hattie and May Anthony and Miss Mae Hotchkiss.

The Wright Inn is where Misses Gertrude and Lola Wright, Helen Helply, Maurine DeHart of Cameron and Nancy Lee Maxwell of Maitland are hostesses. When the storm came up Sunday night Miss Maurine's brother, Mr. Louis DeHart, came over from Jewelers' Inn and stayed with them until the storm was over and helped to prepare a midnight lunch, which kept them from noticing so much the raging elements.

Pearson Camp is where our new druggist and his wife, Mr. and Mrs. W. C. Pearson, and their daughter, Helen, are at home during Chautauqua. Their guests on Monday were E. A. Roselius of Corning, Mo., and Clements Peters of Fairfax.

Harold Booth, Walter Fraser, Halley Ford, Ernest Coler and Ray Foland have a tent that is likely to be named "Class of 1913," because all but one are members of the graduating class of the high school of 1913.

Kidd Inn is the name of the camp of Mr. and Mrs. Chester Bennett and Mr. and Mrs. Orville Bennett. They have given the camp this name because they consider their wee folks the principal members of the family, and you will say so, too, when you see Virginia Katherine, daughter of Mr. and Mrs. Chester Bennett, and Shirley Louise and Orville, Jr., children of Mr. and Mrs. Orville Bennett. Mrs. Harry Shipp, the mother of Mrs. Chester Bennett, is the chaperon, and the other children of the camp are the little Misses Marie Shipp and Hazel Vandervoort.

Harmony camp is a very appropriate name for the camp of Rev. C. R. Green of Harmony church, and Mrs. Green and their daughter, Miss Charlotte.

With them are Rev. Green's sister, Miss Ida Green, and Mrs. Green's brother, Leaman Graves of Kansas City and Margery Anderson of Conway, Ia. Mrs. Green's mother, Mrs. J. S. Graves of Kansas City, will arrive later in the week.

Miss Edna Wilson of Camp Blair is spending a few days at the Chautauqua at Oregon. She will return home the last of the week with guests for the Maryville Chautauqua.

The Swigert-Hornbuckle camp is made up of some of our country friends east of Maryville. They are Mr. and Mrs. F. M. Swigert and four children, Grandma Swigert, Mrs. C. B. Hornbuckle and two children.

Rev. and Mrs. Alva Brown and Vincent Brown of Maitland are at home as usual at the Maryville Chautauqua. They are regular attendants and would be missed by all Chautauqua goers if they were not there. They have many visitors during the visiting hours.

F. C. B. club camp is composed of young ladies from Skidmore. The name of their club is a secret, and it is said that no one will ever be able to guess its name. The members are Misses Nelle, Isabel and Mary Jones, Gertrude Knepper and Grace Karr. They will be joined later in the week

### Kansas Visitors Leave.

Mrs. G. A. Coates and Mrs. E. H. Botkin of Osborn, Kan., returned home Tuesday from a visit with Mrs. J. W. Shroyer.

### GUILFORD.

Guilfordites are strongly in favor of changing the county line up to Guilford. The county line is only about six miles south of Guilford. The reason for this agitation for changing the county line is that there has been rain all along that strip of country this season whenever it has been needed, and consequently the crops are in fine condition. It may be well, however, for the Guilford folks to remember that the prayers of the righteous avail much, and govern themselves accordingly. Oh, well, Guilford had an inch of rain Sunday night, and so she guesses she isn't so bad after all.

Frank Fogle of Diagonal, Ia., a former merchant of Guilford, was in town Monday.

John Hollanshe, the moving picture artist, has pitched his tent in Guilford.

Will Wray had a car load of hogs on the St. Joseph market Tuesday.

### Home From Colorado.

Mrs. W. J. Hutton returned Saturday night from a ten weeks' visit in Colorado, Utah and Wyoming. Mrs. Hutton visited her sister, Mrs. H. E. Low, at Meeker, Col. Clyde and Nellie Hutton, who accompanied her, remained to visit until school opens in September. They are on the Aldridge ranch in Colorado, sixty miles from a railway station, and are adapting themselves thoroughly to ranch life, and Miss Nellie bids fair to be an experienced horsewoman by the time she returns to Maryville.

Suffered Eczema Fifty Years—Now Well.

Seems a long time to endure the awful burning, itching, smarting, skin disease known as "tetter"—another name for eczema. Seems good to realize, also, that Dr. Hobson's Eczema Ointment has proven a perfect cure.

Mrs. D. L. Kenney writes: "I cannot sufficiently express my thanks to you for your Dr. Hobson's Eczema Ointment. It has cured my tetter, which has troubled me for over fifty years." All druggists, or by mail, 50c.

#### Here For Chautauqua.

Miss Lucy Saunders of Pickering came Monday morning to spend Chautauqua week with Misses Laura and Ada Howkins.

#### Saturday Evening Luncheon.

Mr. and Mrs. Alex Fraser had for their guests at luncheon Saturday evening Mr. and Mrs. J. D. Ford and evening Mr. and Mrs. J. D. Ford, Mr. Halley Ford and Mr. Ernest Coler.

#### Federation Postponed.

Wednesday of this week is the day for the regular meeting of the City Federation of clubs, but because of the vacation time and other attractions it will be postponed until September 10. However, growing weeds take no vacation. Let the cutting of them by city and individuals be kept going.

#### Friday Evening Dinner.

Mr. and Mrs. J. S. Shinabargar entertained at dinner Friday evening complimentary to Mrs. Shinabargar's cousin, Miss Nelle Pigg of Kansas City, the guest of Mr. and Mrs. G. B. Holmes. Plates were laid for Miss Pigg, Mrs. Dan Holmes and Mary Electa Holmes of Kansas City, Miss Lucile Holmes and Miss Mildred Shinabargar.

#### For Health, a Walk.

In the warm weather, when exercise in the heat of the day seems a burden, try walking early in the morning and again late in the evening.

Be energetic and get up before breakfast in earnest. Don't try to walk before you have eaten, but eat something light and satisfying and start forth on a morning constitutional. You can get home again before the heat of the day has really set in.

If you find the morning walk impossible, try the evening walk. Start out after the sun has gone down, either before a late dinner or after an early one, and walk in the dusk until you are tired.

The woman who must work in office or shop would find systematic early morning and late evening exercise beneficial and invigorating.

#### On Vacation Visit.

William VanCleve left Sunday for a vacation visit with relatives at Moberly and LaGrange, Mo. He is now at the home of his grandparents Mr. and Mrs. J. S. #### LAMENTS RELIGIOUS DECAY

Archbishop Ireland Blames “Enforced Secularism of State Schools.”

Milwaukee, Aug. 12.—Archbishop Ireland, addressing the Catholic societies convention, declared that “the evil today in America is the decay of religion, and, in necessary sequence, the decay of morals. In both instances, the cause of the decay is the enforced secularism of the state schools. Others than Catholics, heedful observers and intelligent thinkers, admit the evil, admit the cause and give the alarm. I trust the awakening common sense and patriotism of the American people to discover the remedy. Meanwhile in telling the evil and the cause, my right hand on my conscience, I rank myself among the truest and most loyal of Americans.”

Speaking of secular schools, Archbishop Ireland said: “Not against state schools as such do I raise objections, but as to the methods in which they work—methods that, whatever the theory be, do in fact consecrate secularism as the religion of America.”

#### Say Governor Cannot Fill Vacancy.

Washington, Aug. 12.—A telegram was sent to Democratic leaders in Alabama by Senator Overman, acting chairman of the senate judiciary committee, advising them that Governor O'Neal had no power now to appoint a successor to the late Senator Joseph F. Johnston. The message added that a majority of the lawyers voters held the governor could call a special election at once.

#### Seventeen Suffragists Sentenced.

London, Aug. 12.—Seventeen militant suffragists were sentenced to terms of imprisonment ranging from a week to two months, as a sequel to the attempt to storm Premier Asquith's official residence in Downing street.

## RELIEF IS FELT IN WASHINGTON

Statement of Gamboa Produces Very Favorable Impression.

### U. S. PRESIDENT CRITICISED.

London Paper Calls His Demand Curious Experiment—British Government Repudiates Insinuations Financial Interests Influenced Action.

Washington, Aug. 12.—Distinct relief was apparent in official circles here over the course of events in Mexico. The statement of Fred Gamboa, the new Mexican minister of foreign relations, that he had “great faith in the reasonableness of the judgment of the United States” holding the conviction that the difficulties between the two countries “soon would be adjusted” produced a very favorable impression in administration circles.

President Wilson pointed out during the day to callers what seemed to him conspicuous efforts on the part of some persons unknown to him, through published misrepresentations, to involve the United States in intervention. He reiterated that the attitude of this government toward Mexico in the present situation was one of peace and friendliness solely.

The safe arrival in Mexico City of John Lind, personal representative and officially designated adviser to the American embassy, ended some tense moments in the situation. Administration officials looked forward hopefully to a favorable reception of their efforts to suggest measures of peace in ending the struggle between the contending factions in Mexico.

With the air cleared of rumors of hostility in the Mexican capital to Mr. Lind's presence there, officials were disposed to believe the intention of the American government would be carried out quietly and in such manner as seemed most expedient to Mr. Lind and the embassy at Mexico City.

#### British Government Issues Statement.

London, Aug. 12.—The British government, nettled by the comment of certain American newspapers concerning Great Britain's recognition of President Huerta, declares that the comment is based on a misconception of facts. It also repudiates the insinuation and inference that powerful financial institutions had anything to do with bringing about the recognition. In a statement issued the government says:

“The recognition of President Huerta was the recognition of a provisional president, pending an election. It was done on the advice of the British minister to Mexico as being likely to assist in the restoration of order.”

The Daily Chronicle says it considers President Wilson's demand that President Huerta renounce the presidency of Mexico a curious experiment in foreign diplomacy and one scarcely likely to be carried through easily.

“A proud race like the Mexicans and the president with a fairly strong backing,” the editorial says, “are very unlikely to surrender and we doubt if the United States would really care to face the stupendous task of reducing Mexico by force of arms. Mr. Wilson's demand for a general election almost borders on the ludicrous, because there is no such thing in Mexico as an election by ballot, as the ballot is understood in great democratic countries.”

#### PLAN “GOOD ROADS PARTIES”

St. Louis Millionaires to Put Guests to Test on County Highways.

St. Louis, Aug. 12.—House parties, at which the guests will be supplied with overalls and shovels and directed to “get out and dig,” are being planned for good roads days, Aug. 20 and 21, by wealthy St. Louisans who have country homes in St. Louis county.

The first to send out invitations for such an affair is Edwin Lemp, the young millionaire brewer. His party will work on the roads under the direction of Highway Engineer Elbring of St. Louis county.

Harry H. Hawes, H. L. Griesedieck and many others are planning “good roads parties,” and it is expected the friendly rivalry will bring forth an excellent display of road-making.

#### Supt. Gertlinger Killed in Honolulu.

Honolulu, Aug. 12.—C. R. Gertlinger, constructing superintendent of the J. G. White Engineering company of New York and here working on the Marconi Wireless Telegraph company's stations, was shot at a beach resort by J. W. Marshall, superintendent of the Waiholo Water company, and died later at a hospital.

#### Killed Friend and Burned Body.

Braymer, Mo., Aug. 12.—William J. Collins, twenty-two years old, according to county officials, confessed that he killed his friend, John P. Benson, formerly an attorney of Braymer, and burned the body in the Benson shanty on a claim near Clemons, Alta., last May, after taking \$1,800 from the clothing.

#### Venezuela Praying for Peace.

Caracas, Aug. 12.—General Torres Castro, a relative of former President Castro, was captured by the government troops. Fighting continues in the state of Tachira. The archbishop of Caracas instructed the clergy to pray for peace.

## HIS TROUBLE NOT OF HEART

Real Facts In Regard To F. R. Huffman's Illness. Relief Obtained By Curing His Stomach Ailments.

Waynesville, N. C.—Mr. F. R. Huffman, of this city, says: “I suffered dreadfully with what I thought was heart trouble, and tried various medicines in vain.

After other remedies had failed, Thedford's Black-Draught restored me to health. I would not feel safe without Black-Draught in the house. I consider it worth its weight in gold.

It cured my indigestion, and by this means I was restored to health. I can not express my gratitude for its benefits.”

Good health depends on the condition of your digestion. Poor digestion and good health do not go together.

Thedford's Black-Draught will thoroughly cleanse and set in order your digestive system.

It has done this for others, during the past 70 years, and is today the most popular vegetable liver remedy on the market. Try it.

Insist on Thedford's. Price 25c.
